### U.S. Divorces Question of Oil From Other Mexican Problems

Matters Concerning Petroleum Production Will Come Directly Under Secretary of State in Broader Field of General Policy Under Consideration.

Petroleum questions have been separated from the Mexican problem, it was learned at the State Department, and placed in the broader field of a general oil policy now under consid-

All matters concerning oil production in Mexico, heretofore handled by rectly under the supervision of the Secretary of State, it was said, and will receive the consideration given questions affecting the general welfare of the nation rather than that accorded investors in foreign countries. The plan, it was explained, will have the effect of bringing the Mexican oil question into the same field with those growing out of the British and French agreement as to Mesopotamia, and the operations of the Dutch in Java, and the operations in Canada and in the prospective oil zones of Central and South America.

Registration Before Congress. One of the more important subjects to come before the Mexican congress when it convenes January 5, in special session is that of petroleum registration. The Mexican senate more than a year ago passed a bill designed to provide for the carrytag out of the provisions in the new ing out of the provisions in the new Mexican consitution looking to the nationalization of petroleum, but its about the same time that scores of terms were regarded as of such confiscatory character that it met imissued.

We cannot understand why we had to part
From one we loved so dear.
But God, who does all things well,
Will some day make it clear.
Se we will try to still our aching hearts
And do our best to smile.
For God will let us go to her
After a little while.
HER LOVING CHILDREN.

More and more each day we miss you.
